You are entitled to one free half-hour consultation with a Panel Attorney per enrollment year regarding an aviation related legal matter involving you and not specifically covered by the Plan.

Sometimes, because of location or particular expertise required or other reasonable consideration, this consultation may be by telephone or may be with an attorney outside your geographic area.

Your current Pilot Protection Services enrollment period is **02/01/2022** – **01/31/2023**

(Note: If the initial free consultation results in further services by the Panel Attorney, fee arrangements for such services fall outside the benefits of the Plan. Please discuss their hourly rates and request an engagement letter prior to retaining their services.)
